Care Wisconsin provides members with access to qualified, in-person interpreters and translators. An interactive voice response system also is used, enabling you to obtain information over the telephone in English and other languages. Your care team will arrange interpreter services upon request and when needed.

Care Wisconsin's provider network

As a member of Family Care, you will access your Wisconsin Medicaid long-term care services through Care Wisconsin's provider network.

This directory provides a list of Care Wisconsin's contracted providers who have agreed to provide you with your covered benefits and services. For detailed information about your covered benefits and services, please see your Member Handbook.

In some cases, you can choose a provider that is not in Care Wisconsin's provider network. You can request a provider who is not in the provider network by talking to your care team, and Care Wisconsin will consider your request. Instances where your request to use a

provider who is not in the provider network would be honored include when network providers:

- Do not have capacity or expertise to meet your needs;
- Cannot meet your needs on a timely basis;
- Cannot meet your cultural or language needs; or
- Are located in geographic locations or buildings that make transportation or physical access an undue hardship to you.

Please see your Member Handbook for more information.

What is the service area for Care Wisconsin?

Our service area consists of the below counties in Wisconsin.

Columbia County

Dodge County

Green Lake County

Jefferson County

Marquette County

Washington County

Waukesha County

Waushara County

Note: Network providers may have offices or offer covered services outside of our service area as described in this directory. (Please see page 4 for a service area map.)

How do you find Care Wisconsin providers in your area?

Generally, you must work with your Care Wisconsin care team to receive your long-term care benefits. This care team includes you, a Care Wisconsin Registered Nurse Care Manager and a Care Wisconsin Social Worker Care Manager.

The Care Wisconsin staff on your care team will help you identify service providers to help you meet your individual outcomes and coordinate the covered services you receive. If you are unhappy with any provider, you have the right to request a new provider at any time. If you choose to change a provider, it is important that you first contact your care team, which is responsible for authorizing all services you receive.

CARE WISCONSIN FAMILY CARE PROVIDER DIRECTORY

You may go to any of the network providers listed in this directory. Prior authorization from your care team is necessary before receiving services.

Providers are listed by service type, county and city. You will find provider names, addresses, telephone numbers and any languages spoken other than English. For quick and easy reference, the index lists mental health professionals in alphabetical order by name and the page where you can find their contact information.

Hours of operation for providers vary depending on their service type, state licensure and certification. You should contact providers directly to find out hours of operation.

Care Wisconsin complies with equal opportunity standards, statutes and regulations relating to nondiscrimination in service delivery. It is expected that our network providers make services and premises accessible, and make information available in other formats, such as Braille, large print or taped information for the visually or cognitively impaired. Interpreter and translation services are available free of charge and can be coordinated by your care team. If you have special needs, please contact your care team to determine accessibility.

Our network providers may change. A listing in this directory does not guarantee the provider is still a network provider or accepting new clients. Providers also may have been added to our network after the printing of this directory. Your care team can assist you in finding a provider to meet your needs.

To get the most up-to-date information about network providers in your area, please contact your care team Monday-Friday between 8 a.m. and 4:30 p.m., CT. TTY users call WI Relay 711. Or visit our Web site www.carewisc.org. (Please see page 5 for care team contact information.)

What do you do if a provider sends you a bill?

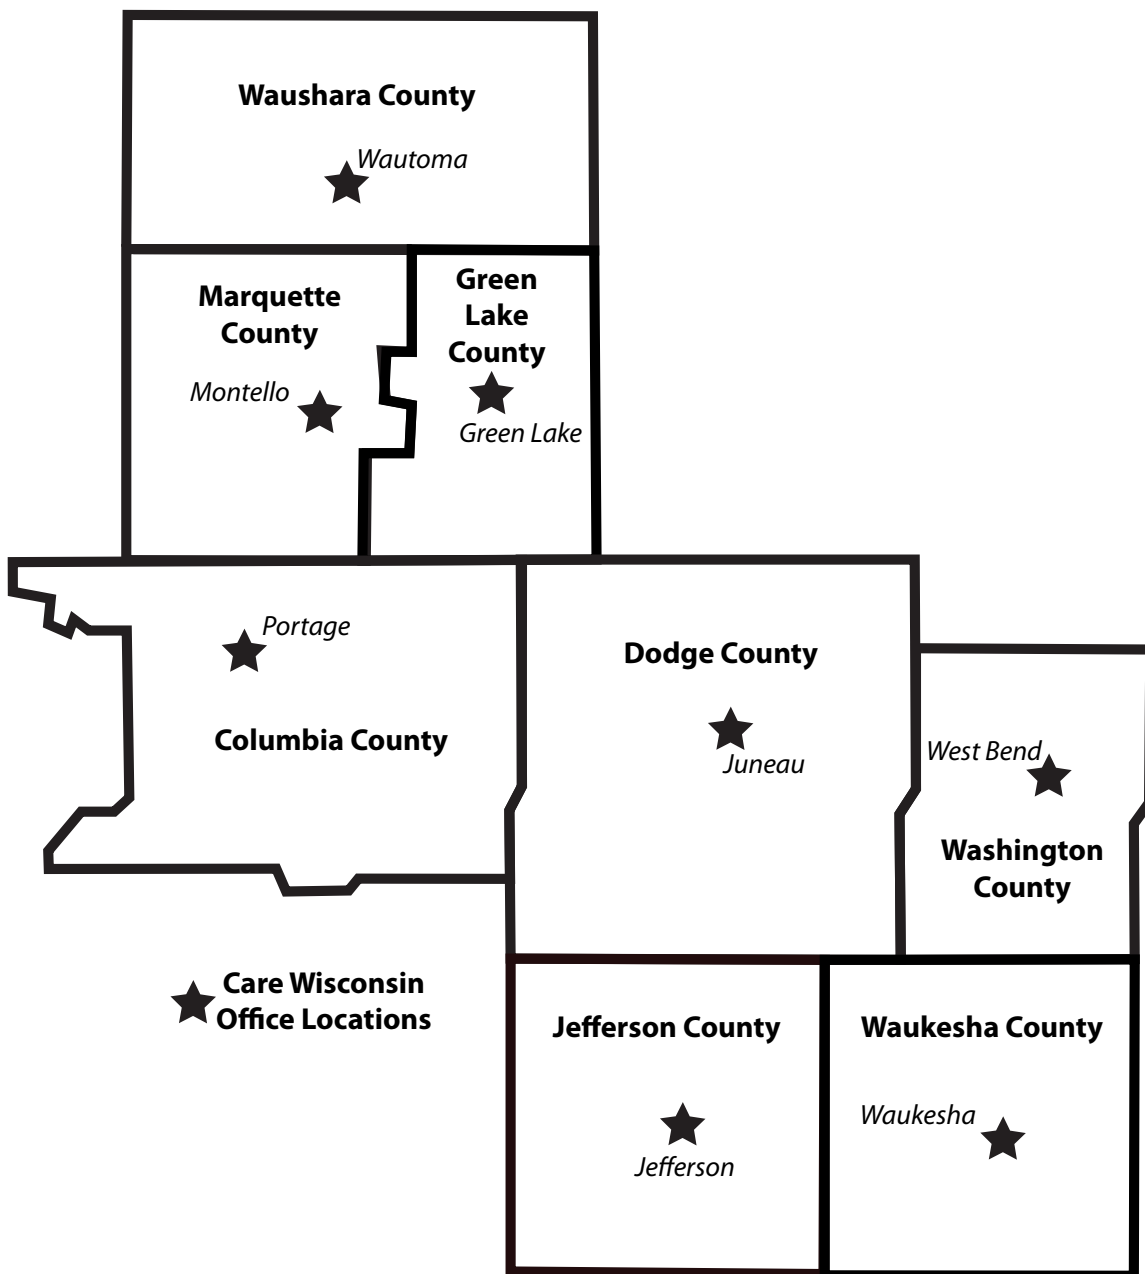

Members do not have to pay for services that are authorized by Care Wisconsin. If a network provider or non-contracted provider sends you a bill rather than Care Wisconsin, please contact your care team right away.

CARE WISCONSIN FAMILY CARE PROVIDER DIRECTORY

In order for us to assist you, please have the following information available: your name, your Wisconsin Medicaid Forward identification card, your telephone number, and a copy of the bill.

You can contact your care team Monday-Friday between 8 a.m. and 4:30 p.m., CT. TTY users call WI Relay 711. (Please see page 5 for care team contact information.)
