Introduction

Interpreter and translation services

Interpreter and translation services are available free of charge. Materials also can be made available in other formats upon request. For help to interpret this directory, please contact your care team directly or Partnership Customer Service at (608) 240-0035 or toll-free 1-800-963-0035, Monday-Friday between 8 a.m. and 4:30 p.m., CT. TTY users call WI Relay 711. (Please see page 5 for care team contact information.)

Care Wisconsin provides members with access to qualified, in-person interpreters and translators. An interactive voice response system also is used, enabling you to obtain information over the telephone in English and other languages.

Your care team will arrange interpreter services upon request and when needed where benefits, technical, medical or treatment information is to be discussed, or other situations where impartiality is critical.

Care Wisconsin’s plan providers

As a member of Partnership, you will access your Wisconsin Medicaid health and long-term care services and, when applicable, your Medicare services and prescription drug coverage through Care Wisconsin’s “plan providers.”

This directory provides a list of Care Wisconsin’s plan providers, including physicians, hospitals, clinics, pharmacies and other community-based service providers. These providers have agreed to provide you with your covered benefits and services. For detailed information about your covered benefits and services, please see your Evidence of Coverage/Member Handbook.

In some cases, you may get covered services from non-plan providers. Services you get from non-plan providers will not be covered, except for a medical emergency and urgently needed care, renal (kidney) dialysis services that you get when you are temporarily outside the plan's service area, and care from non-plan providers that is arranged or approved by a plan provider.

Care Wisconsin will cover school-based services for members who have an individual education plan for medical services in place.

Please see your Evidence of Coverage/Member Handbook for what to do in these situations.

What is the service area for Care Wisconsin?

Our service area consists of the below counties in Wisconsin.

- Columbia County
- Dane County
- Dodge County
- Jefferson County
- Sauk County

Note: Plan providers may have offices or offer covered services outside of our service area as described in this directory. (Please see page 4 for a service area map.)

How do you find Care Wisconsin providers in your area?

When you become a member of Partnership, you must choose one of our plan providers who are listed in this directory to be your Primary Care Physician/Provider (PCP). The term "PCP" will be used throughout this directory.

Generally, you must work with your Care Wisconsin care team to receive your health care coverage. Your care team includes you, a Care Wisconsin Nurse Practitioner (NP), a Care Wisconsin Registered Nurse and a Care Wisconsin Social Worker.

The Care Wisconsin staff on your care team will coordinate the covered services you may need and authorize services prior to you getting them. Your PCP and NP will provide routine and basic primary care, and make referrals to specialists. You can change your PCP at any time. If you choose to change your PCP, it is important that you first contact your care team.

CARE WISCONSIN PARTNERSHIP PROVIDER DIRECTORY

You may go to any of the plan providers listed in this directory. Prior authorization from your care team is necessary before receiving certain services, such as a community-based residential facility.

Providers are listed by service type, county and city. You will find provider names, addresses, telephone numbers and any languages spoken other than English. For quick and easy reference, the index lists PCPs and specialists in alphabetical order by name and the page where you can find their contact information.

Hours of operation for providers vary depending on their service type, state licensure and certification. In most cases, your care team will make appointments and coordinate services for you. You can also contact providers directly to find out hours of operation.

Care Wisconsin complies with equal opportunity standards, statutes and regulations relating to nondiscrimination in service delivery. It is expected that our plan providers make services and premises accessible, and make information available in other formats, such as Braille, large print or taped information for the visually or cognitively impaired. Interpreter and translation services are available free of charge and can be coordinated by your care team. If you have special needs, please contact your care team to determine accessibility.

Our plan providers may change. A listing in this directory does not guarantee the provider is still a plan provider or accepting new patients. An asterisk by a provider indicates that new patients are not being accepted.

To get the most up-to-date information about plan providers in your area, please contact your care team directly or Partnership Customer Service at (608) 240-0035 or toll-free 1-800-963-0035, Monday-Friday between 8 a.m. and 4:30 p.m., CT. TTY users call WI Relay 711. Or visit our Web site www.carewisconsinhealthplan.org. (Please see page 5 for care team contact information.)

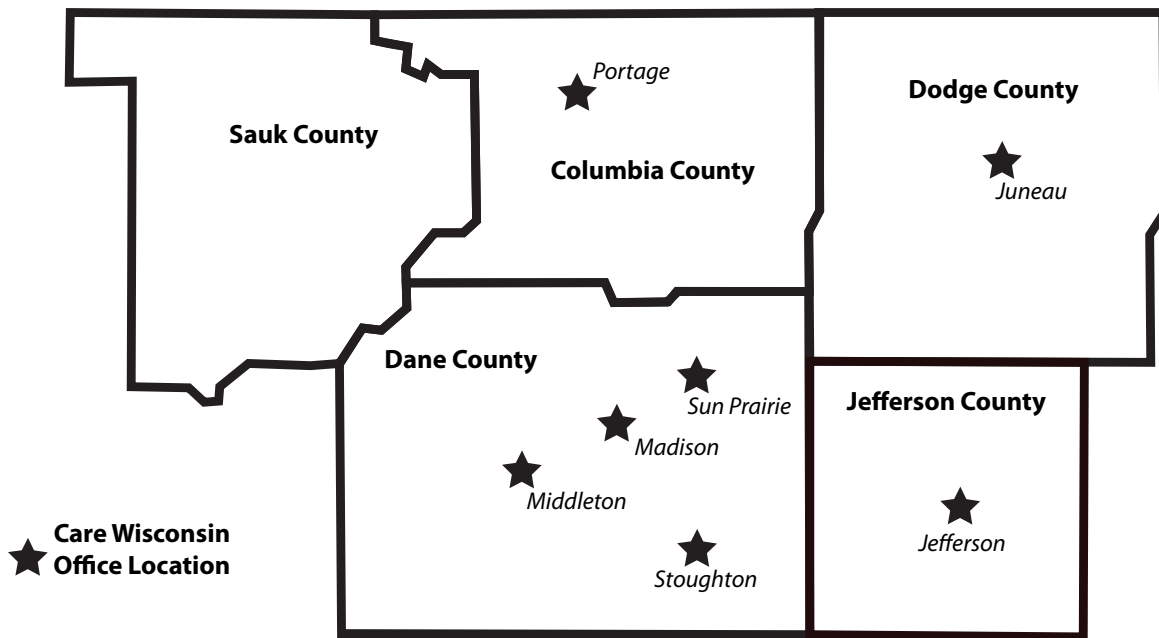

What do you do if a provider sends you a bill?

One of the benefits of becoming a member of Partnership is that you do not have to handle bills and paper work when you receive care from a plan provider. If a plan provider or non-contracting provider sends you a bill rather than to Care Wisconsin, please contact your care team right away.

In order for us to assist you, please have the following information available: your name, member number (located on the Partnership identification card), your telephone number, and a copy of the bill.

You can contact your care team Monday-Friday between 8 a.m. and 4:30 p.m., CT. TTY users call WI Relay 711. (Please see page 5 for care team contact information.)
